This Winter Solstice fixture breathes life into a Pine Branch-style metal design, accentuated by beautiful ambient lighting, as if swaying in the frosty winter wind. 12 Ambra Siena Cylindre elements become luminescent as they are embraced by a metal frame featuring a Mahogany Bronze finish. This chandelier complements any residential or commercial space, especially dining areas and entryways. The overall height ranges from 54 to 116 inches, as the chain length can be easily adjusted in the field to accommodate your specific lighting needs. The Winter Solstice Chandelier is included in our American-made, American-designed, handcrafted Nature-Inspired Collection, which is manufactured in Yorkville, New York. The fixture is UL- and cUL-listed for dry and damp locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, inspires our rustic-themed collections.
