Designed with a curved profile and a clean architectural look, this appealing and versatile adjustable wall sconce reveals a sophisticated aesthetic. An Off White Textrene shade is crowned with a Gold Matte finished cap and a wall plate featured in a Solar Black finish. The wall sconce adjusts horizontally from 20 to 21 inches in height and in depth from 35 to 38 inches from the wall. The Foster Adjustable Wall Sconce is included in our American-made, American-designed, handcrafted Modern Collection and manufactured in Yorkville, NY. UL and cUL listed for dry and damp locations; however, we do not recommend installing it in spaces that experience a large amount of moisture due to the fabric shade. Featured in the Johns Hopkins Facility for Research, Education, and Public Engagement in Baltimore, Maryland, and designed by Rockwell Group.
