Designed like a festive garland of party lights for a special occasion or ambiance in a residence, lounge, or restaurant. This massive, stunning chandelier features eight Clear Glass orb-styled elements designed with a graceful flair and an airy aura. The globes are illuminated with Edison-style lamps and suspended at various heights, like high-flying trapezes in mid-air. The specially handcrafted chain is braided in a stunning Aged Brass finish and embraced by complementary cylindrical ceiling mounts and the round ceiling canopy in the center. The fixture is ideal for illuminating entryways and lobbies in restaurants and hotels from New York, to Chicago, to Los Angeles. The Castiliolite Trapeze 8 Light Chandelier is included in our American-made, American-designed Contemporary Lighting Collection and manufactured in Yorkville, NY. UL and cUL listed for dry and damp locations. The fixture was designed by Denton House Design Studio in Salt Lake City, Utah.
