A timeless design combines classic styling and hand-craftsmanship to create the regal Corrina Lantern Pier Mount for fine exteriors. The Rose Gold Art Glass Lens reveals a lamp that provides beautiful ambient lighting from within the lantern. The frame, decorative accents, and hardware are finished in Raw Copper. The fixture is ideal for placement on posts and columns on decks and patios in colonial and craftsman-style homes. The fixture is designed with a door that opens for cleaning and maintenance, as well as a photocell sensor that turns on the outdoor light at Dusk and off at Dawn. It is Dark Sky Compliant as the MR16 lamp is directed downward. The Corrina Pier Mount is included in our American- made, American-designed, handcrafted Traditional Lighting Collection. The fixture is manufactured in Yorkville, New York. It is UL and cUL listed for dry, damp, and wet locations.
