This nature-inspired lighting fixture features stunning metal Pine Needles and a Pine Tree Branch in an Old Gold finish that accent a complementary faux candlelight, which is crowned with a Moldova Textrene shade. The wall sconce is ideal for dining rooms and corridors in modern farmhouses, camps, and lodges. The fixture matches perfectly with model 284398, the 12" Wide Lone Pine Right Sconce. The Lone Pine Wall Sconces are featured in our American-made, American-designed, handcrafted Nature Inspired Lighting Collection. The fixtures are UL and cUL listed for dry and damp locations; however, we do not recommend installing them in spaces that experience a large amount of moisture due to the fabric shades. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed collections.
