Inspired by Marjorie Merriweather Post's rustic retreat in Paul Smiths outside of Lake Placid, NY, the original Top Ridge design was featured in a fixture installed in the Main Lodge in the vacation camp built in 1923. Custom designed and handcrafted in the USA, this stunning wall sconce features a rich trellis styled band with matching hardware in a Black Textured finish. An elegant Amber faux candlelight with a Gothic styled spike stands out in the forefront . Custom designs, styles and colors are available, as well as dimmable energy efficient lamping options such as LED. This fixture is UL and cUL listed for damp and dry locations.
