Like a solar system with brilliant stars sparkling in the sky as intriguing points of light, the Geosphere is a mesmerizing constellation of five complex elements suspended from a sturdy ring that inspires mystery, curiosity, and the seduction of the unknown. A truly global and modern lighting design, this chandelier features a complex illuminating design with Integral dimmable energy-efficient LEDs and a stunning Polished Stainless Steel frame. It was inspired by planetariums from New York, New York, to Houston, Texas, to Los Angeles, California. The chandelier has an overall height ranging from 90 to 320 inches as the spacecraft cables easily adjust in the field to meet your exact lighting requirements. The Geosphere 5 Light Chandelier is included in our American-designed, handcrafted Interstellar Lighting Collection. UL & cUL listed for dry and damp locations. Custom Made. Please call for pricing and lead time.
