This massive, elegant pendant features a dazzling array of 63 cascading Polished Brass finished cylinders with perforated voids that adhere to a Solar Black finished canopy above. Like shining stars overhead, 15 of these elements emit dramatic beams of warm 3000K ambient light that dim beautifully with a 0-10V system. Each cylinder features one downlight with Integral LEDs projecting light from within. The overall height ranges from 42 to 96 inches, as the Black cord and cable length can be adjusted in the factory to accommodate your specific lighting application needs. The massive pendant is perfect for foyers, lobbies, reception areas, and other spaces in large residences, hotels, and restaurants, from Boston, Massachusetts, New York, New York, to San Francisco, California. The Emmentaler Cascading Pendant is featured in our American-made, American-designed, handmade Modern Lighting Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations. Featured within the new home of Utica, New York's award-winning Tailor and the Cook Restaurant.
