A platform for a curvaceous contemporary lighting design. Twin Creme Carrare Idalight Cylindre elements are perched on a shelf-like base for a high level of aesthetic appeal. A handsome square backplate and hardware are featured in an Oil Rubbed Bronze finish. The striking wall sconce is ideal as a statement piece in a corridor or entryway in a fine home, a reception area in an office, or the lobby of a boutique hotel. Inner lights bring out the beauty of the two cylindrical elements while Integral LED uplights provide ambient lighting, and Integral LED downlights deliver task illumination on surfaces below. The LEDs, uplights and downlights benefit from three separate circuits to give you precise dimming control over three layers of light to create the perfect ambiance in the space. The Legacy House 4 Light Wall Sconce is included in our American-made, American-designed, handcrafted Modern Lighting Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations.
