Blue Oak is a type of tree common among the breathtaking coasts and foothills of the Sierra Nevada mountains in California. The trees symbolize strength, resilience, and longevity; their roots are deep and protect the trunk through storms and drought. The two inverted shades feature Clear Frosted Seeded Glass lenses with decorative Oak Leaf metal accents hand-finished in Hanna Copper and Cimarron Bronze. The wall sconce is perfect for illuminating hallways and dining areas in timber homes, lodges, and other spaces in California, including Mariposa, Tahoe City, and Mammoth Lakes. The Blue Oak 2 Light Wall Sconce is included in our American-made, American-designed, handcrafted Nature Inspired Collection and manufactured in Yorkville, New York. UL and cUL listed for dry, damp and wet locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed glass collections.
