This striking ceiling fixture features an authentic style that recreates the look of fine Marble. This lovely shade is created with a White Marble Idalight that captures the beauty and uniqueness of natural veins found in fine Italian Marble. These sinuous patterns generate a visual effect of smooth movements that run across the entire surface of the curvaceous shade. The shade is embraced with a suspension rod embraced by an elegant cast metal canopy featured in a Mahogany Bronze finish.. The fixture is inspired by classic marble materials found in famous monuments, statues, and landmarks from Washington, DC, to New York City, to Rome, Italy. It is ideal for placement in hallways and dining areas to create a beautiful design statement. The Corinth Marble Semi-Flushmount is included in our Transitional Lighting Collection. UL and cUL listed for dry and damp locations.
