Inspired by a flurried festival of illuminating Kites soaring above rooftops in a wind-whipped sky, this sophisticated chandelier displays a dazzling architectural array of transverse steel spars, bridled in various wingspans to showcase Contrail Mist Idalight diffusers. This intriguing geometric-styled chandelier is perfect for lobbies and other large spaces with tall ceilings. Handcrafted by highly skilled artisans in our 180,000 square foot manufacturing facility in Yorkville, New York, the fixture is available in custom colors, styles and sizes, as well as dimmable, energy efficient lamping options. The chandelier is UL and cUL listed for damp and dry locations.
