Stunning patterns and colors of Native American blankets and pottery have inspired this ceiling pendant, which features an Ambra Siena Idalight lens. The intricately styled shade offers arrowhead-style motifs and diamond accents in a Rusty Nail finish. This fixture fits well in entryways and dining spaces in fine homes and restaurants. The overall height ranges from 26 to 111 inches, as the chain length can be easily adjusted on location to accommodate your specific lighting application needs. The Sandia Pendant is included in our American-made, American-designed, handcrafted Southwest Collection, which is manufactured in Yorkville, New York. The pendant is UL and cUL listed for dry and damp locations.
