This two-tiered chandelier spans up to nearly 10 feet from top to bottom and offers an eye-catching transitional look. Handsome White Linen shades are enhanced with Crystal Idalight bottom diffusers. The shades are aligned in a staggered formation, suspended from two decorative rings and a canopy while providing light at various levels. All hardware is hand-finished in Wrought Iron while an inviting glow evokes from 9 decorative cylinders. The overall height ranges from 96 to 119 inches, as the chain length can be easily adjusted in the field. The Cartier Cascading Chandelier is featured in our American-made, American-designed, handmade Transitional Lighting Collection. Manufactured in the USA. UL & cUL listed for dry and damp locations.
