It is perfect for illuminating corridors, lobbies, living rooms, and other residential and hospitality settings from Trenton, New Jersey, to Boulder, Colorado. The overall height ranges from 26 to 165 inches, as the chain length can be easily adjusted in the field to accommodate your specific lighting application needs. This fixture complements the larger 60" Wide Hokaiseki Two Tier Chandelier (265762). The Hokaiseki Chandelier is included in our American-made, American-designed, handcrafted Contemporary Lighting Collection and manufactured in Yorkville, New York.
