Item Weight:: 15 lbs.

Base Type:: E12

Quantity:: 12

Shape:: B10

Wattage:: 40

Family:: [Atom Enerjisi](#)

Metal Finish:: [Pewter](#)

Like a complex gyrosopic structure, Pewter finished metal rings create a unique curvature pattern that evokes the illusion of revolutionary motion like a spinning gimbal rotating on its axis. The orbbed frame envelops a smaller frame similar to one that represents atomic energy, which wraps around 12 complementary covered faux candlelights perched on matching bobeches. Custom crafted in our 180,000 square foot manufacturing facility in the USA, this fixture is available in custom colors, designs, and sizes, as well as dimmable energy efficient lamping options. The 36-inch wide fixture is UL and cUL listed for damp and dry locations.
