This Anillo Halo Pendant blends Modernism with a hi-tech approach. A spectral halo of ambient light is projected through a Statuario Idalight diffuser and enhanced with a warm Mahogany Bronze finish. Eliminating the power cord, our exclusive proprietary suspension system is engineered with low-voltage spacecraft cables for balance, precision, and a clean aesthetic. Integral LEDs offer dimmability, energy savings, minimal maintenance, and long life. Ideal for illuminating reception areas, lobbies, and entryways in hospitality, residential, and commercial office spaces. The overall height of this pendant ranges from 8 to 72 inches, as the cable length can be easily adjusted in the field. Inspired by ring-styled structures from Charleston, South Carolina, to Fort Lauderdale, Florida, to Pueblo, New Mexico. The Anillo Halo Pendant is included in our American-made, American-designed, Modern Anillo Lighting Collection and manufactured in Yorkville, New York.
