Renowned for pointed spires, bold buttresses, and detailed tracery, this reproduction chandelier brings Gothic styling to life, replicating an original found in cathedrals and castles that were built in the Middle Ages. This Gothic Revival fixture highlights these classic architectural elements, integrating them into a distinctive motif with Hand-Rubbed, Rusted, and Waxed Iron accents and hardware. Four round lanterns with Clear Sparkle Art Glass provide beautiful ambient lighting. The Antique Gothic Chandelier is included in our American-made, American-designed Handcrafted Gothic Lighting Collection, which is manufactured in Yorkville, New York. The chandelier is UL- and cUL-listed for damp and dry locations.
