Like the branches of a tree in the cold winter woods, the Winter Solstice chandelier is an abstract expression of light. 12 Whitestone Idalight cylindrical shades are suspended from the branch-styled chandelier finished in Dark Burnished Antique Copper. Overall height ranges from 55 to 114 as the chain easily adjusts in the field. The Winter Solstice 12 Light Chandelier is included in our American-made, American-designed, handcrafted Nature Inspired Collection. Manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations.
