Family:: [Stanley](#)

World's Largest LED Free-Hanging Chandelier. 35 Feet wide, 11 feet tall, weighs over 3 tons. Suspended from Stanley Theater's 70 ft ceiling with Constant Tension Device. Trusswork, heavy-duty cables & roof reinforcement engineered to hold chandelier with an interior catwalk for maintenance. Assembled in tubular steel truss sections, framework, and decorative embellishments. Antique Gold & Bronze finishes complement theater's Mexican baroque Moorish theme while hand-painted Green & White arms with Red Glass-eyed serpents spiral down. At the tips of the arms is 36-inch bobèche embracing 2 ft faux candles, with Red & Blue diamond-cut acrylic. Sculpted steel candlesticks simulating wax drippings feature blown-glass diffusers replicating candle tip flames.
