**Family::** [Atom Enerjisi](#)

**Metal Finish::** [Rusty Nail](#)

Like a complex gyrosopic structure, Rusty Nail finished metal rings create a unique curvature pattern that evokes the illusion of revolutionary motion like a spinning gimbal rotating on its axis. The orbbed frame envelops a smaller frame similar to one that represents atomic energy, which wraps around an elegant Amber 8-light faux candelabra. Custom crafted in our 180,000 square foot manufacturing facility in the USA, this fixture is available in custom colors, designs, and sizes, as well as dimmable energy efficient lamping options. The 43-inch wide fixture is UL and cUL listed for damp and dry locations.
