Affinity is a finely executed, minimalist design featuring four panels of Clear Glass within a sleek, custom frame, which is finished in Solar Black. Affinity provides the perfect amount of ambient light in an unobtrusive style. The fixture, which reveals 4 customer-supplied Medium base lamps, is handcrafted in our manufacturing facility in Yorkville, New York, and is available in custom colors, styles, sizes and dimmable energy efficient lamping options such as LED. The fixture is UL and cUL listed for dry and damp locations.
