A handsome elaborate chandelier that doubles as a lighted pot rack. Tourelle features a sturdy frame, and Hand-Forged Iron Scrollwork featured in a stunning Gilded Tobacco finish. Ten Ivory faux candlelights perched on bobeches are attached to curved arms and provide beautiful ambient illumination, while two downlights deliver functional lighting on surfaces below. The decorative and down lights benefit from two separate circuits to give you precise dimming control over both layers of light to create the perfect ambiance in the space. The fixture is designed with hooks to display fine cookware and accessories in a culinary space in residential settings from Orange Beach, Alabama, to Telluride, Colorado. The overall height ranges from 32 to 82 inches, as the chain length can be easily adjusted in the field to accommodate your specific lighting needs. The Tourelle Lighted Pot Rack is included in our American-made, American-designed, handcrafted Pot Rack Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations. (Cookware not included).
