Anillo is a massive, modern, sophisticated system featuring extraordinary adjustable elements of ambient light. Eliminating the power cord, our exclusive proprietary suspension system is engineered with low-voltage spacecraft cables for balance, precision, and a clean aesthetic. Four elliptic spectral halos appear to rotate in space and create a stunning visual effect and breathtaking drama. This custom configurable grouping of Matte Clear finished solid rings reveals Statuario Idalight diffusers. High-powered, integral LEDs deliver dimmable, robust illumination, energy savings, minimal maintenance, and long life. These eye-catching rings emit a clean glow and enhance the ambiance of the surrounding space as they elevate the fixture's appeal in homes and hotels from Montpelier, Vermont, to Portland, Oregon, to Seattle, Washington. The overall height ranges from 24 to 85 inches, as the cable lengths can be easily adjusted in the field to accommodate your specific lighting application needs. The Anillo Cascading Pendant is included in our American-made, American-designed, handmade Modern Lighting Collection and manufactured in Yorkville, New York.
