<b>Other</b>	

An intriguingly styled structure with a rotund profile created with Intrecciati Idalight formed with an interlocking ring array of armor-like chainmaille. The Idalight is embraced by a Burnished Transparent Copper finished frame which surrounds a tapered Amber Mica element. The bottom of the fixture features an Amber Mica medallion with matching steel accents and matching Intrecciati Idalight interlocking ring array. This decorative innovation was created by highly skilled artisans at our manufacturing facility in Upstate New York in the USA. Custom sizes, styles and colors are available, as well as dimmable, energy efficient lamping options. This pendant is UL and cUL listed.
