Inspired by a bioluminescent jellyfish... The Aranha chandelier suspends dozens of Crystal Droplets from chains embraced by the hub. Like multiple sets of eyes, eight exposed lamps deliver beautiful ambient illumination from this centerpiece. The elaborate frame and hardware are finished in Pewter. The fixture is ideal for placement in entryways and above tables in residential, hospitality, and commercial spaces. The Aranha Chandelier is featured in our American-made, American-designed handcrafted Crystal Lighting Collection. The chandelier is manufactured in Yorkville, New York. It is UL and cUL listed for dry and damp locations.
