Copper

As if swaying in the frosty winter wind, this Winter Solstice fixture breathes life into a pine tree branch design accentuated with beautiful ambient lighting. Six Craftsman-style White Iridescent Glass Lanterns become luminescent as they are suspended from a pine branch-style metal frame featured in a Dark Burnished Antique Copper finish. This oblong chandelier perfectly complements any residential or commercial environment, especially over kitchen islands, counters, tables, or bars. Inspired by the Monongahela Forest in West Virginia, to the Shawnee National Forest in Illinois, to the Bridger-Teton Forest in Wyoming. The Winter Solstice Oblong Chandelier is included in our American-made, American-designed, handcrafted Nature Inspired Collection. Manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations.
