Feel the wind in your hair, the sound of the sea beneath you and imagine the stars above after launching this breathtaking sea vessel. The St Lawrence chandelier is a tall ship traditionally rigged with masts drawn tight by backstays. The three tiers and 21 Sandstorm faux linen painted shades with furled ends and Oil Rubbed Bronze frame symbolize the schooner's multiple masts, vast sails and narrow hulls. The fixture is powered with energy efficient LEDs for energy savings, high quality light, low maintenance and long life. Handcrafted in our 180,000 square foot manufacturing facility in Yorkville, New York. UL and cUL listed for dry and damp locations.
