An elaborate chandelier with a dramatic look, this lighting fixture is inspired by the Sycamore tree ?" A symbol of protection, eternity, and strength, representing Egyptian goddesses as well as the tallest trees in New York City. Organically fashioned metal branches, finished in Honey Bucket, appear to grow in various directions, like those of natural trees. Twenty-two metal arms embrace Ivory faux candle lights perched on bobeches for beautiful ambient illumination in fine homes and hospitality spaces. The fixture has an overall height of 54 to 128 inches, as the chain easily adjusts on location. The Sycamore 22 Light Chandelier is featured in our American-made, American-designed, handcrafted Nature Inspired Lighting Collection. This fixture is manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed collections.
