Other

A fan-tastic, energy efficient decorating idea. This Chandel-Air combines custom lighting with energy-efficient fan technology. Parnella features 8 stunning White/Light Green Jadestone Cylindres embraced by a solid ring in a Rusty Nail finish. An Amber Mica bottom diffuser complements the fixture. 8 Customer supplied bulbs bring out the beauty of the Jadestone shades, 16 Customer supplied lamps provide ambient lighting, Integral LEDs illuminate Amber Mica & 8 Customer supplied downlights provide functional task lighting. 4 Circuits help control the layers of light independently as well as the fan. Handcrafted in Yorkville, NY, this Chandel-Air pulls hot air up & keeps the space cool in summer, and is reversed in the winter.
