Other

Like the branches of a wise old tree asleep in the cold winter woods, the Winter Solstice Cilindro Chandelier is an abstract expression of light that is perfectly poetic. Meticulous architectural details abound with Dark Burnished Antique Copper branches hibernating until the light from 5 Whitestone Idalight Cylindres provide a warm, friendly embrace. Ideal for illuminating billiard/dining tables, islands, counters, and bars. Custom crafted by highly skilled artisans in our 180,000 square foot manufacturing facility at the foothills of New York's Adirondack Mountains, the fixture is a unique Nature-inspired lighting design. Custom options, including special sizes, finishes, styles are offered. UL and cUL listed for damp and dry locations.
