How Bright it will Shine! This extraordinarily brilliant luminaire features a record-setting number of lamps and sockets for a single Pendant. Like a complex gyroscopic structure, Sparkle Silver finished metal rings create a unique curvature pattern that evokes the illusion of revolutionary motion, like a spinning gimbal rotating on its axis. The orbed frame is illuminated with 276 Edison-styled LED lamps surrounding a single inner LED orb diffuser. The Atlas Alva Pendant is included in our American-made, American-designed, handmade Transitional Lighting Collection. Manufactured in Yorkville, NY. UL & cUL listed for dry and damp locations.
