This unique cascading pendant is designed and engineered with multiple cantilever-designed shades. The massive fixture features seven Off-White Textrene shades, which are enhanced with Statuario Idalight bottom diffusers and a Timeless Bronze finish. It is ideal for placement above open and spiral staircases and entryways where you want to make a dramatic design statement in residential and hospitality settings. Perfect in homes and other spaces nationwide, from Detroit, Michigan, to Louisville, Kentucky, to Sacramento, California. The Cilindro Sprawl Cascading Pendant is included in our American-made, American-designed, handcrafted Modern Lighting Collection and manufactured in Yorkville, New York. UL & cUL listed for dry and damp locations; however, we do not recommend installing it in spaces that experience a large amount of moisture due to the fabric shades. The pendant is featured at Cloverwood, a full-service, independent living community in Pittsford, New York, and designed by Getsloff Design Group, an interior design and space planning firm, which is also located in Pittsford.
