Designed like a magnificent spinning gimbal. Inspired by celestial spheres above, this open-style Hand-Forged Iron framework of Timeless Bronze is finished with circular bands and surrounds 16 complementary faux candlelights that provide ambient illumination. The chandelier evokes a sense of rotating movement on its axis. The overall height ranges from 81 to 176 inches, as the chain length can be easily adjusted on location to accommodate your specific lighting application needs. The Gimbal Grinado Chandelier is included in our American-made, American-designed, handcrafted Modern Lighting Collection and is manufactured in Yorkville, New York. UL and cUL are listed for use in both dry and damp locations.
