Hot high-fired glass is transformed into a cool floral-inspired lighting design with eight petal-like blades and a matching central hub. Each decorative element features a Brown wavy design on an Amber Art Glass background. The fixture is complemented with a Mahogany Bronze finish and is ideal as a centerpiece for illuminating a wide range of rooms in homes, resorts, hotels, and restaurants. The Metro Fusion Elite Glass Semi-Flushmount is featured in our American-made, American-designed, handcrafted Modern Lighting Collection, which is manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations. Each shade is a unique work of art with color variations based on natural ingredients inherent in the glass. The Quality Bent Glass division of Lighting is over 100 years in the making. Today, we are still creating timeless masterpieces using tools and methods from the days when we supplied Tiffany Studios. Fused glass colors and metal finishes are customizable, as each fixture is handcrafted to order.
