As if swaying in the frosty winter wind, this Winter Solstice fixture breathes life into a pine tree branch design accentuated with beautiful ambient lighting. Eight Whitestone Idalight Cylindre elements become luminescent as they are embraced by a pine branch-style metal frame featured in a Dark Burnished Antique Copper finish. This massive oblong chandelier perfectly complements any residential or commercial environment, especially over kitchen islands, counters, tables, or bars. Inspired by trees in the Monongahela Forest in West Virginia, the Shawnee National Forest in Illinois, and the Bridger-Teton Forest in Wyoming. The Winter Solstice Cilindro 8 Light Chandelier is included in our American-made, American-designed, handcrafted Nature Inspired Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations.
