A lovely, massive centerpiece for any residential, hospitality, or commercial space. This mesmerizing ceiling fixture design comes to light as perfectly formed, sphere-like Crystal Bubbles appear to flow as the light makes them gleam, like magic. The stunning and unique Cilindro Bulle Flushmount features a Dark Gold TextraLite shade, revealing 22 Clear Crystal Miniature Globes in three, four and five-inch sizes, illuminating beautifully with Integral LEDs for long life, energy efficiency, and high-quality 3000K warm white light. The luxurious shade is crowned with a handsome hub featuring perforated metal cutout accents offered in a Mahogany Bronze finish. In addition, Macadamia-finished accents support the frame and complement the fabric shade. The Cilindro Bulle Flushmount is included in our American-made, American-designed Modern Lighting Collection. The eye-catching ceiling fixture is manufactured in Yorkville, New York. It is UL and cUL listed for dry and damp locations; however, we do not recommend installing it in spaces that experience a large amount of moisture due to the fabric shade.
