As if swaying in the frosty winter wind, this Winter Solstice fixture breathes life into a pine branch-style metal design accentuated with beautiful ambient lighting. 11 Ivory faux candlelights perched on small bobeches become luminescent as they are embraced by a metal frame featured in an Antique Copper finish. This massive oblong chandelier perfectly complements any residential or commercial environment, especially over kitchen islands, counters, tables, and bars. The fixture design is inspired by trees in the Monongahela Forest in West Virginia, the Shawnee National Forest in Illinois, and the Bridger-Teton Forest in Wyoming. The Winter Solstice Oblong Chandelier is included in our American-made, American-designed, handcrafted Nature Inspired Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations.
