Other

This Winter Solstice fixture breathes life into a pine branch-style metal design, accentuated with beautiful ambient lighting as if swaying in the frosty winter wind. Five Clear Frosted Glass Cylindre elements become luminescent as they are embraced by a metal frame featuring a Flat Black finish. This massive chandelier perfectly complements any residential or commercial environment, especially over kitchen islands, counters, tables, and bars. The overall height ranges from 36 to 140 inches, as the chain can be adjusted on location. The Winter Solstice Cilindro Chandelier is part of our American-made, American-designed, handcrafted Nature Inspired Collection, manufactured in Yorkville, New York. The fixture is UL and cUL listed for dry and damp locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed collections.
