As if swaying in the frosty winter wind, this Winter Solstice fixture breathes life into a pine branch-style metal design accentuated with beautiful ambient lighting. Five Clear Frosted Glass Cylindre shades become luminescent as they are embraced by a metal frame featured in a Costello Black finish. This massive oblong chandelier perfectly complements any residential or commercial environment, especially over kitchen islands, counters, tables, and bars. The overall height ranges from 30-60 inches, as the suspension cord and cables can be adjusted to meet your exact lighting requirements. The fixture design is inspired by trees in the Monongahela Forest in West Virginia, the Shawnee National Forest in Illinois, and the Bridger-Teton Forest in Wyoming. The Winter Solstice Cilindro 5 Light Oblong Chandelier is included in our American-made, American-designed, handcrafted Nature Inspired Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed collections.
