This Winter Solstice fixture breathes life into a pine branch-style metal design accentuated with beautiful ambient lighting as if swaying in the frosty winter wind. Five White Art Glass Goblet-style shades become luminescent as they are embraced by a metal frame featuring Black Satin Wrought Iron. This massive chandelier perfectly complements any residential or commercial environment, especially over kitchen islands, counters, tables, and bars. The overall height ranges from 29 to 90 inches, as the aircraft cables can be adjusted on location. The Winter Solstice Oblong Chandelier is part of our American-made, American-designed, handcrafted Nature Inspired Collection, manufactured in Yorkville, New York. The fixture is UL and cUL listed for dry and damp locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed collections.
