Other

Family:: [Alva](#)

Metal Finish:: [Antique Copper](#)

Inspired by out-of-this-world constellation designs. An impressive industrial look comes to light. Rugged arms and large ballpoints are enhanced with an Antique Copper finish. This uniquely configured chandelier illuminates three sets of 2 Edison-styled LED lamps that appear to rotate on their axis while providing ambient illumination. A single downlight delivers functional illumination on surfaces below. It is ideal as a statement piece in an entryway in a fine home, reception area in an office, or lobby of a boutique hotel in the Chelsea section of Manhattan, New York, to the NoMa trendy Washington DC neighborhood, to the Silver Lake neighborhood in Los Angeles, California. The Alva Asta Chandelier is included in our American-made, American-designed, handmade Modern Lighting Collection and manufactured in Yorkville, New York. UL and cUL listed for dry and damp locations. This stunning chandelier was designed by David Singer, Founder and Principal of Arc Light Design in New York City.
