A modern, sophisticated pendant featuring an extraordinary element of ambient light. A spectral halo creates a stunning visual effect and breathtaking drama. Eliminating the power cord, our exclusive proprietary suspension system is engineered with low-voltage spacecraft cables for balance, precision, and a clean aesthetic. This Matte White finished metal ring reveals a Contrail Mist Idalight diffuser. The overall height ranges from 36 to 144 inches, as cable length can be adjusted in the factory. Integral LEDs deliver energy savings, minimal maintenance, and long life. The massive fixture is ideal for illuminating entryways and lobbies in residential and hospitality locations from Pittsburgh, Pennsylvania, to Galveston, Texas. The Anillo Apollonia Pendant is included in our American-made, American-designed, handmade Minimalist Lighting Collection and manufactured in Yorkville, New York.
