Other

Reminiscent of a time when class and elegance were adored, this grand chandelier is nothing short of extraordinary. As iconic and inspirational as the mosque it will adorn. Custom built of Polished Brass, it has a 72" diameter, weight of 250 lbs, and an overall height ranging from 59 to 296 inches as the chain can be adjusted in the field. A Solid Brass ring reveals engraved inscriptions in Arabic, with floral medallions and banded trim with oval rosettes with leaves. Forty-Two Frosted White glass lanterns designed for ambient lighting, complemented with matching downlights for direct illumination. It was crowned with a three-tiered tower featuring glowing Cathedral window-like glass insets and accented with leaves. To maintain its luster, the chandelier must be hand-polished like a fine piece of sterling silver. Display this fixture for illuminating entryways and large spaces in fine homes, houses of worship, and other settings, from Traverse City, Michigan, Lake Tahoe, Nevada, to Lake Geneva, Wisconsin. The Mosque Chandelier is included in our American-made, American-designed, handcrafted Inspirational Collection and manufactured in Yorkville, New York. This lighting fixture is UL and cUL listed for dry and damp locations. This chandelier is featured at the Gading Jame Masjid of The American Muslim Association in Hayward, California.
