Bold Gothic architectural styling greets an exquisite Transitional design for a wide array of lighting applications. Inspired by forged iron chandeliers hung from ceilings of mighty stone castles, the grand Chappell reveals two rings topped with 16 Clear Frosted shades, 10 on the lower ring and 6 on the upper ring. Perfect for lobbies, retail centers and large foyers, this handsome pendant was created by the hands of Craftsman at its manufacturing facility in Upstate New York in the USA. Custom sizes, styles and colors are available, as well as dimmable, energy efficient lamping options.
