Fourteen sophisticated Silver Mica Cylindre elements provide inviting decorative and ambient lighting. This chandelier is enhanced with energy-saving Integral LED downlights that deliver task lighting precisely where needed on countertops, tabletops, and other surfaces in kitchens, restaurants, and other locations. The decorative and downlights benefit from separate circuits to give you precise dimming control over both layers of light to create the perfect ambiance in the space. Handcrafted of fine English Chestnut stained wood, the pendant is enhanced with an architectural suspension structure finished in Oil Rubbed Bronze. The fixture is ideal for illuminating islands, bars, and tables in residential and hospitality locations. The Grand Terrace 14 Light Oblong Chandelier is included in our American-made, American-designed, handcrafted Transitional Lighting Collection and manufactured in Yorkville, New York. This fixture is UL and cUL listed for dry and damp locations.
