This Grand styled, exterior pendant is designed with a distinctive Sunbrella Dune colored Textrene shade with 12 Statuario Idalight 8-inch globes and 1 Statuario Idalight 10-inch globe, which are supported with solid steel hardware in a Nortec Bronze finish. Ideal for outdoor applications, the Grand Luminaire is UL and cUL listed for wet locations and, at 620 pounds with a galvanized treatment to fend off deterioration from coastal salt air conditions, is built to withstand a 130-mph wind gust for three seconds. The Cilindro can be ceiling mounted to exterior structures including screened porches, gazebos, enclosed patios, driveway overhangs, covered decks and walkways. Handcrafted in the USA.
