This Winter Solstice fixture brings life to a pine branch-style metal design, accentuated with beautiful ambient lighting, that appears to sway in the frosty winter wind. 15 Ivory faux candlelights glow as they are embraced by a metal frame with an Antique Copper finish. This oblong chandelier perfectly complements residential and commercial environments, especially over islands, counters, tables, and bars. The Winter Solstice Chandelier is part of our American-made, American-designed, handcrafted Nature Inspired Collection, which is manufactured in Yorkville, New York. The fixture is UL- and cUL-listed for dry and damp locations. Upstate New York's adventurous playland, known as the Adirondack Mountains, with its many breathtaking forests, lakes, and rivers, is the spiritual birthplace of and inspires our rustic-themed collections.
